Ofsted Monitoring Visit

This week we shared the letter from our recent Ofsted monitoring visit; we were extremely pleased that the hard work and progress made in school since the inspection in April was recognised - no mean feat in 1 term and 4 weeks! The inspectors saw the progress made across all areas particularly in safeguarding, health and safety and in perceptions of the school from pupils, families and staff. Can I please say a huge thank you to all who took to the parent portal to share your views of the school, I was overwhelmed by the change in attitude since the April inspection.

The monitoring visit enabled us all to reflect on our next steps and the things that we will focus on now as we continue to work tirelessly to bring the school out of special measures.

Whilst this visit does not change our status under the Ofsted framework, I am pleased that they recognised (and saw) we are taking the necessary steps to improve the school for the good of the whole community.

The full report can be read on our website: [St Peter's C of E Primary Academy - Ofsted](#)

Thank you once again for your continued support.

From the whole of the St Peter's Team.
